Pay by check, complete this form & send with payment to Pinewood Lake Association

33 East Lake Road Trumbull, CT 06611

Make Checks Payable To: Pinewood Lake Association

Pinewood Lake Association is excited to announce the installation of a new commemorative walkway, which will run parallel to the fence between the parking lot and patio.

By purchasing a brick, you not only become a part of PLA's history but also actively contribute to its future. The funds raised from this initiative will initially finance the construction of the walkway itself, with any surplus funds allocated to reserve funding for the enhancement of our beach and grounds. By creating and maintaining these reserves, we ensure that we have funds available to invest in additional amenities and facilities that go beyond what we can typically finance through our regular dues and revenue stream.

Kev Features of the Commemorative Brick Walk:

- The walkway will be approximately 40" wide and 60' in length. The pathway will be constructed with gray bricks to match the existing paver area by the lifeguard stand.
- Each brick can be purchased and personalized with your very own special message, engraved with black lettering into the bricks.
- The introductory purchase price for each brick is set at a special rate of \$100 Subsequent brick purchases in future years are estimated to be priced at \$150 or more, this is to cover the cost of the brick and professional installation, ensuring the walkway's longevity and durability.

Whether you choose to commemorate cherished memories, honor loved ones, or showcase your support for the lake, we sincerely hope you join us in this memorable endeavor.
